

## **Democratic Republic of the Congo COVID-19 Travel Update – June 30, 2021**

Travelers age 11 and older must arrive with proof of a negative Coronavirus test taken within three days of their departure. Another test will be given at the airport for \$45, and people must self-quarantine until they receive a negative result, generally within 24 hours. Proof of health and medical evacuation insurance is also required.

To exit the country, travelers must present a negative test result taken within three days of planned departure, according to the U.S. Embassy in the Democratic Republic of Congo. The cost of the test is \$30.
