

## Kenya COVID-19 Travel Update

### Entry and Exit Requirements:

- Are U.S. citizens permitted to enter? Yes
- Arriving U.S. passengers are permitted to enter if the conditions are met: 1) The passenger does not have a body temperature above 37.5°C (99.5°F); 2) The passenger does not have a persistent cough, difficulty breathing or other flu-like symptoms; 3) The passenger has a negative PCR-based COVID-19 test conducted within 96 hours prior to travel. Visit the Kenyan Ministry of Health's COVID-19 website or call the COVID 19 hotline at 719 for updated information. Visit the Kenyan Ministry of Health's COVID-19 website or call the COVID 19 hotline at 719 for updated information.
- Is a negative COVID-19 test (PCR and/or serology) required for entry? Yes
- All passengers arriving and transiting Kenya must have a PCR Covid-19 negative certificate for a test conducted 96 hours prior to travel. U.S. citizens who do not have such a test may be refused boarding or denied entry to Kenya.
- Are health screening procedures in place at airports and other ports of entry? Yes
- Port Health forms can be found at [ly/covid19moh](https://ly/covid19moh) or the Jitenge MoH Kenya app.
- The Government of Kenya established an online portal to extend visitor and resident visas.
- Please see: <https://fns.immigration.go.ke> Please note that the Directorate of Immigration Services has lifted an earlier amnesty on stay in Kenya over the 6 months stipulated visa period. Visitors on overstayed visas from the 14th of September are required to make arrangements to depart within 14 days or apply for residency (permit or pass).

### Quarantine Information:

- Are U.S. citizens required to quarantine? No
  - U.S. citizens coming from the United States are exempted from quarantine. Please call the COVID-19 hotline at 719 or contact the Kenyan Embassy in Washington D.C. at <http://kenyaembassydc.org/> for more information.
