

India Update: Nov, 27, 2020

Starting on Monday, Nov 30th, India will resume issuing visas to foreign nationals with the exception of e-visa, tourist visa and medical visa categories.

The Indian Ministry of Home Affairs has issued new guidelines permitting certain categories of foreign nationals to travel to India on business. However it will require them to first obtain a fresh business or employment visa.

Entry requirements

Travelers may apply for an exemption from quarantine; to do so, they will need to apply using the self-reporting form and attach a negative PCR test result.

All travelers must visit the New Delhi Airport website and submit a self-declaration form at least 72 hours prior to departure.

Quarantine requirements

All travelers will undergo a thermal screening on arrival and are required to undergo mandatory quarantine for 14 days upon arrival in India. They may be required to provide contact details and be asked to download the Arogya Setu app.

If you need to apply for a visa to India, please contact ItsEasy to advise on the latest visa requirements and entry procedures at (866) ITS-EASY "866-487-3279".

***There are currently 438,667 active cases of COVID-19 diagnosed in India and 134,218 deaths as of Nov 24 2020**
